

Profile of Vasudev Meena

Name : Vasudev Meena

Designation : Scientist

Date of birth : 01/02/1984

Education : M. Sc. (Agronomy)

Major Research area: Weed Management, Soil and Water Pollution; Heavy Metal pollution; Carbon Sequestration

Email: vasu_maheshin84@rediffmail.com
vdmeena@iiss.res.in

Contact no.: +91-9926007030; +91-8085805074

Professional Experience:

Joined as Scientist on 15th September, 2011, working in Division of Environmental Soil Science, IISS, Bhopal

Publications

1. Meena V. D., Dotaniya M. L., Coumar V., Rajendiran S., Kundu S., Rao A. S. (2013) A Case for Silicon Fertilization to Improve Crop Yields in Tropical Soils. Proceedings of the National Academy of Sciences, India Section B: Biological Sciences. DOI 10.1007/s40011-013-0270-y.
2. Meena V. D., Kewat M. L., Sharma N., Jha A. K. (2008) Effect of time of application on the efficacy of Combi and glyphosate against paragrass in non-cropped area. Indian Journal of Weed Science 40 (3&4) : 159-161, 2008
3. Dotaniya M. L., Das H., Meena V. D. (2014). Assessment of chromium efficacy on germination, root elongation, and coleoptile growth of wheat (*Triticum aestivum* L.) at different growth periods. Environ Monit Assess. 186:2957-2963. DOI 10.1007/s10661-013-3593-5
4. Siloriya P. N., Rathi G. S., Meena V. D. (2014) Relative performance of oat (*Avena sativa* L.) varieties for their growth and seed yield. *African Journal of Agricultural Research* 9 (3): 425-431.
5. Tiwari D., Meena V. D. (2014) Effect of Sowing Dates and Weed Management on Growth and Yield of Chickpea in Indo-Gangetic plains. Proceedings of the National Academy of Sciences, India Section B: Biological Sciences. DOI: 10.1007/s40011-014-0376-x
