

Visit of Shri Suresh Chandel, Ex-Member of Parliament and Member, Governing Body of Indian Council of Agricultural Research

Shri Suresh Chandel, Ex-Member of Parliament and Member of Governing Body of Indian Council of Agricultural Research visited Indian Institute of Soil Science, Bhopal on 29/09/2018. In an interaction meeting with Scientists and Officers, Dr. A.K. Patra, Director apprised him with the

mandate, significant achievements and ongoing research activities of the Institute. Head of the Divisions and Coordinators of the AICRPs and AINP also briefed him on the remarkable achievements from the different research programmes in their respective Divisions and Coordinated Projects. Shri Suresh Chandel ji applauded the scientists of the Institute for their remarkable contributions and advised the Institute scientists to develop a simple tool for use by the consumers to detect pesticide and other harmful contaminants in fruits and vegetables.

He also expressed the need for more funds in agricultural research for enhancing output of research organizations for the benefit of farmers. After the interaction meeting, he also visited laboratories of all the Divisions and interacted with scientists on ongoing research programmes.
